

MEDTRONIC INNOVATION DAYS

CELEBRATING 10 YEARS OF THE SMARTSHOCK TECHNOLOGY - 10 YEARS OF FEWER SHOCKS AND GREATER LIVING FOR ICD PATIENTS

We are pleased to announce the next virtual **CRHF Innovation Days** Webinar, which is part of the series of events dedicated to the Central & Eastern Europe Arrhythmology Community. The main objective of the event is to share with you the recent knowledge concerning heart rhythm disorders, including the emerging technologies and the latest clinical evidence as well as the experience of the top European Experts.

Join us on Thursday, January 21st, 2021 at 5.30 pm CET for the webinar led by renowned specialists, who will talk about future of ICD therapy and modern shock reduction strategy leading to patients' longer and better life.

To offer you a better overview, we hereby provide you with an agenda of the event:
